

PSYCHOPATHOLOGY

HOW A PATIENT RELATES TO SELF WILL INFORM HOW THE RELATE TO THERAPIST

PT'S PROJECT INTO YOU, NOT 'ONTO' YOU

↳ internal thought's & feelings can be there in response to a proj indent.

WORKING WITH KID'S & TEENS

FOLLOW their LEAD (i.e. YES, AND)

EXCEPTION:

psychically collapsing children need direction & instruction.

PLAY →

SPEED & PACE of play matters

kids create a scene

KIDS DEVELOPING IN VIRTUAL REALITY ARE RELATING TO FANTASIES NOT REAL OBJECTS

the REAL world & the INNER world are not the same

KIDS THAT DON'T PLAY:

- concern for others
▷ fear of judgement
- concern for self
▷ scared of what play may bring up

SAFETY

food. shelter. healthcare.

ADAPTATION

family, peer, sch.

THRIVING

accepting gifts & talents idiosyncrities.

CHILDREN DISPLACE
